

## **Sign-Up and Naming Contest**

We presently have two problems. 1) We don't know how interested you are in this app, and 2) We currently do not have a name for this app. By signing up for updates, you will show us that this is an app that you will possibly use or suggest to friends and family. By providing us with a name suggestion, you will possibly get to put a stamp on this app and tell your friends that you named it! Regardless of the path you choose, your feedback is greatly appreciated and will help drive the development of this app.

By signing up for updates to new developments for "the app", you will be entered into a monthly draw for a \$50 Amazon gift card.

By proposing a name for "the app", you will be entered into both a monthly draw for a \$50 Amazon gift card, AND be entered into the naming contest whereby the top 5 names proposed will receive a \$25 Amazon gift card.

In both scenarios, you will receive updates and news pertaining to "the app".

### **Terms and conditions:**

The AdaptBox Sign-Up and Naming contests are not mutually exclusive. By proposing a name for "the app", user will automatically be entered into both the monthly draw AND naming contest, and will receive updates to developments of "the app".

Only one email address per entry. In the case of multiple name entries with the same email address, only the earliest submission will be considered.

If a user initially enters email for updates, then at a later time uses same email for a name suggestion, both entries will be honoured.

In the event where there are multiple entries of the same name by different users, the user who submitted first will be considered unless there is a difference in casing and/or spacing (ie. Adaptbox vs Adapt-Box vs AdaptBox). If completely identical, the user who submitted second will receive a hearty thank you.

AdaptBox reserves the right to alter contest details without notice.
